## Specifications

Material	Insulated drain hoses and accessories	PVC		
Material	Insulation	PE		

#### Caution

- · Cut drain hose in right angle, and completely remove any dust, oil, and trash on the jointing surface.
- Use adhesive for PVC pipe use and insert drain hose/pipe fully into accessory fitting to avoid any problems such as water leakage.
- Do not bend drain hose by a radius of less than 3 times of outer diameter.
- Do not let drain hose slack when installing (Need slope for water flow).
- Use drain hose accessories exclusively with INABA DENKO drain hoses. Use of these products in combination with any other brand will invalidate warranty.
- Do not use adhesive for PVC pipe in the case of connection between drain hose (DH/DHQ) & coupler

Insert drain hoses, and accessory fittings fully and secure them with tape.
